This Rudy Project Event has been the third time in the history of Bath Cycling Club that we have hosted a national championship. When the West DC was awarded this event, it was on a weekend where our hilly annually takes place – and so it came in our direction. As event secretary, I wanted the event to have the feel of our annual hilly, but raised up to the level needed for a national event. Bath Cycling Club, was willing to back me up fully, and did so admirably. This was a major commitment for a club like Bath, from a membership of ~150, we had ~35 members active in the support of this event, from time keepers, to marshals – and I've lost count of the number of people that provided cakes, one of the themes of the usual event. Without the huge support from the club, the event would not have been what it was – and so above all I thank all who helped make this event possible – far too many to give all their names.

There were many excellent rides in the various events, again far too many for me to mention. So instead just a few, that stand out to me from a personal view point. First Dave Dent, who won the vets event on scratch, Dave comes from the Isle of Wight where I first joined a Cycle Club (even if he isn't in the Vectis). Then Tom Ryan, my fellow Bath CC club member, who despite not winning the vet on target competition, brought a smile to my face when he posted the first over +4' on the results board.

Rob Yeatman, the younger of the two Yeatman brothers, on paper expected to finish far behind Jack Green – yet he got so close, showing how rapidly his form is improving – will he end up going faster than his brother? Only time will tell.

Sarah Storeys ride, can only be described as exceptional. On paper the women's event looked one of the most interesting, such strong riders – so many of the top riders in the country. It was hard to call who the favourites were. The first serious meeting of the two new women's teams Cult Racing and BornToBike. The Olympian Rebecca Romero, and her Orbea – For Goodness Shakes team mate, Emilie Fisher. Yet in such a competitive field, Sarah Storey not only fought through to win the event – but won by over 3 minutes, sending a very strong message to one and all.

Finally respect to Ian Cooke, for climbing the hill out of Mere on his single 56T chainring – such a feat deserves respect (but I for one am not convinced of the wisdom of it).

## Bath Cycling Club Prizes

Hopefully everyone shown with a prize should have either received it on the day, or have a cheque with this results sheet – if for some reason you don't have your prize, drop me a line. Sorry about anyone who didn't pick up a cake prize on the day, but we aren't able to post cakes.

Lines that are shown blank, are where someone would have got a prize, but the one prize per rider rule took effect, so they have another prize of equal or higher value.
